### New Zealand Seaweeds: An Illustrated Guide

*The first photographic identification guide to New Zealand's unique marine algae.*

**AUTHOR:** Wendy Nelson

**PUBLICATION DATE:** November 2013

**NZ RRP (INCL. GST):** \$79.99

**SPECIAL OFFER PRICE:** \$63.99

*New Zealand Seaweeds* is the first photographic identification guide to New Zealand's unique marine algae, by the country's pre-eminent seaweed expert Wendy Nelson. It provides up-to-date information on 250 key species, including nomenclature, type locality, morphology, habitat, distribution, notes on identification, and key characteristics. Over 500 photographs, and reproductions of paintings by celebrated botanical artist Nancy Adams, illustrate this comprehensive guide.

*New Zealand Seaweeds* also provides an excellent overview of the coastal environment, macroalgal ecology, and introduced/invasive species. It discusses the uses of macroalgae (particularly by Māori) and the widespread commercial applications of these diverse plants.
